

Code of Conduct

1. Respect others and be respected, on- an off-track. Racism, disrespect and co. will not be tolerated.
2. We expect good-faith racing: no trolling, no griefing.
3. We strongly suggest joining our discord to get all the information and interact with other racers.
4. Should you lose interest or not be able to race for a long time, please inform the league host so reserve drivers can participate in your place. If there is an issue we might be able to solve it together.
